ENTERTAINS THE GOLD RULE CLASS

Mrs. J. D. Berryman entertained the Golden Rule class of the Christian Sunday School of which her two daughters Margaret and Esther, are members at her home on Lincoln avenue Friday afternoon. With games and diversions of a various nature, a most enjoyable time was spent by the young folks. A brief business session of the class was held at which the election of officers for ensuing six months was a feature. Officers elected were: President, Miss Thelma Duvall; vice president, Miss Esther Berryman; secretary, Miss Dorothy Shipe; treasurer, Miss Margaret Berryman.

Mrs. Berryman was assisted in entertaining by her sister, Mrs. Lewis of Donora.

Miners Strike at Bentleyville

Trouble Over Working Hours Said to Have Caused Men to Quit Work

From 600 to 700 miners of the Pittsburgh-Westmoreland company at the Acme mines, at Bentleyville, are on strike, and from reports received from that place it is probable that an amicable adjustment can be made for a few days. The differences, it is reported, are but slight, starting, it is said, because the superintendent of the company worked a few of the miners a little over time recently. Serious developments are feared on account of bitter feeling between Slavs and Italians employed at the mine.

DONORA GETS POSTAL BANK

Down River Steel Town Designated for Saving Institution

CALIFORNIA ALSO NAMED

Within a few weeks practically all the towns in the vicinity of Charleroi are expected to have postal savings banks at their postoffices. The latest postoffices to be designated as depositories are the Donora and California postoffices. Monessen and Brownsville depositories have already been opened.

It is not likely that Charleroi will get a postal savings bank at its postoffice until the new postoffice building is erected at the corner of Seventh street and Fallowfield avenue. There seems to be some delay on this from some reason, but it is thought that construction of it will be started within the course of a few months.

ST. JAMES CHURCH TO HOLD CAMPMEETING AT LINN'S GROVE

Officers of St. James' A. M. E. church announced this morning that the annual campmeeting would be held this summer at Linn's Grove, near Belle Vernon, on July 23 and 30, and on August 6 and 13. Announcement is made that there will be no mockery, and customs purported to be the same as those of Bible times will not be followed, but there will be good gospel preaching and good singing. Music will be in charge of Prof. J. J. Jones, the well known basso, of Monongahela, and the choir of St. James' A. M. E. church will assist him. Officers are making every possible arrangement for the convenience and comfort of visitors to the campmeeting. Rev. L. V. Jones, will be the pastor, Howard W. Thomas is secretary and W. F. Smith treasurer of the association.

INVESTIGATING THE CAUSE OF EXPLOSION

Experts Unable to Assign Reason for Discharge of Gas From Mains Leading Into Monessen

COST OF REPAIRS TO BE BORNE BY COMPANY

Experts employed by the Peoples' Natural Gas Company, of Monessen, to investigate the cause of the explosion there Thursday, July 6, when considerable property was wrecked, and considerable mystery surrounds the source of explosion. There was one heavy reverberation and two other smaller ones from the company's mains near First street, Monessen. The heavy explosion is the one that did the damage.

The experts who have spent about a week making their investigations state that they discovered a leak

Fire Drill Satisfactory

Two Companies Out for Fortnightly Practice--Ladder Work is Feature

Companies No. 1 and 2 of the Charleroi Fire Department held their fortnight drills Friday night and a satisfactory showing was made. Chief J. M. Fleming was in charge with First Lieutenant C. O. Frye and Second Lieutenant Clifford Marchand his assistants. The drills consisted of ladder and hose practice. Water was thrown from the Greenberg building. Mr. Fleming said this morning:

"We expect to continue these drills every two weeks on Friday nights. While we expect to make some mistakes, we will continue work and try to overcome these breaks to as great an extent as possible, so that when a real fire occurs we won't be at a loss to know what to do."

WELL KNOWN WOMAN DIES

Mrs. Sarah Gertrude Anderson Expires After Long Illness

WAS HIGHLY ESTEEMED

Mrs. Sarah Gertrude Anderson, aged 23 year and 11 months, daughter of Mr. and Mrs. Samuel Simcox, Sr., died at 8 o'clock Friday night at her home, 127 Fallowfield avenue, after an illness extending eight months. The funeral will be held Monday afternoon at 2 o'clock at the residence. Rev. L. W. Shey, rector of St. Mary's Episcopal church, will conduct the obsequies. Interment will be in Monongahela cemetery.

The husband, James Anderson, who is in the west, both parents, one daughter Dorothy, two sisters, Mrs. Robert Turnbull, of Charleroi, and Mrs. William N. Davis, of Pittsburgh, and one brother, Samuel Simcox, Jr., of Charleroi, survive.

Mrs. Anderson was a member of St. Mary's Episcopal church, and was a consistent and faithful worker in the interests of this denomination. She was a most estimable young woman, widely known, and universally esteemed. She exhibited rare fortitude and patience during her long illness, and faced the inevitable with sublime Christian faith. Everything that was possible was done for her, and the many friends of her girlhood, as well as her co-workers in St. Mary's church, bestowed upon her all the attentions and delicacies that could make her last days comfortable. Her death was received with sincere and genuine sorrow by her wide circle of friends.

Charleroi Man Among Purchasers of Holdings

SALES DURING THE WEEK

Altoona Financier Buys 500 Acres of Land in One Township

More activity in coal circles was displayed the past week than for a long time. The biggest deal probably being that in which Ellis G. Eyer, of Altoona takes 509 acres of Allegheny township coal underlying the Rossell-Sammons, Lewis Antill, D. W. Chess, John, Henry, A. G. Miller and John, Nancy and J. W. Anderson farms. The coal was held by Bedford, Blair, Cambria and Huntingdon county people who purchased it at \$40 per acre about five years ago. The present price of about \$100 per acre nets them a handsome gain.

Another large sale of Greene county coal which took place this week, was the purchase by George W. Dawson, son of Charleroi of the interest in the "Morris township coal block" belonging to the estate of the late Sherman Grim, deceased. The interest was about 245 acres. The total consideration was \$45,115.70, a deed for the property being made by J. P. Tilney, administrator of the estate.

W. J. Kyle Esq., of Waynesburg, purchased from Hon. R. L. Crawford, of Pittsburgh, the latter's interest of 15½ acres in what is known as the "Smith Creek block" of coal; the consideration being \$31,130.80. Judge Crawford accepted in part payment. Mr. Kyle's fine Peerless touring car valued at \$3500

Paul Willis Esq., of Carlisle, Pa., as trustee in bankruptcy for D. W. Ebbets, of Milton, Pa., sold in front of the court house on Monday, a 30 acre interest in three tracts of coal in Morris township, located between Nineveh and Swarts. The First National bank, of Everett, Pa., was the purchaser, at \$139 per acre cash; the total consideration being \$4,170.

G. Edward Huffman of Waynesburg this week sold to Jesse O. Smith, of Donora, one half interest in 289 acres of coal in Springhill at \$710 per acre; the total consideration being \$15,950.

James Patrick Donley and wife sold to J. V. Thompson, of Uniontown, 41 1/2 acres of coal in Perry township; consideration \$10,934.97, being about \$248 per acre.

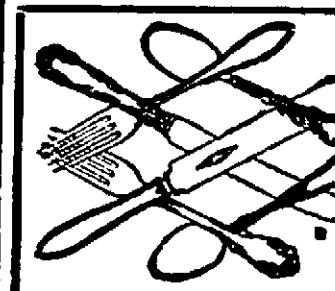

A deed was executed a few days ago by Dr. L. E. Shull to W. D. Shull and Mrs. Avaidney Wisecarver of Waynesburg upon a contract of several years standing, for 141 acres of coal in Whitley township. Consideration \$15,507.36. Mrs. Wisecarver sold her interest in the tract this week at \$300 per acre.

IGNORES THE FACTS.

Once again the Washington Observer takes occasion to defend the policy of constructing county roads under the Flinn law in preference to the Sproul law. By ignoring the facts in the case the Observer asserts that not enough State aid is available to carry out the provisions of the Sproul law. For that reason, according to the Observer, the only way for the county to get good roads is to assume the entire expense.

In making this assertion the Observer only states a part of the truth. On authority of the State Highway Department itself, the county and the townships, or the county alone could have spent exactly the same amount of money under the Sproul law as has been expended under the Flinn law. The State and plan was evolved to start the counties and townships on the way to improve their roads, and there was nothing in the Sproul law to prevent the county and townships from spending all the

money they saw fit after the modicum of aid offered by the State was exhausted. The construction of these roads would have been under the jurisdiction of the State Department engineers and would have come in regularly for State aid in repairs instead of putting the entire burden on the county.

Having fathered the plan of procedure under the Flinn law for political purposes it is but natural that the Observer should defend its position. That paper has persistently ignored the fact that road building under the Sproul law was not dependent upon the State appropriation allotted to each of the counties which was only intended as a stimulus to start road building by the counties, and townships of the Commonwealth under a system that could be developed and amplified in the course of time. This has been demonstrated by the enactment of Governor Tener's comprehensive plan of road building by the State, which is designed to make a uniform system of highways throughout the Commonwealth.

WORKING OUT.

The large attendance at the public playgrounds instituted at "The Pines" is ample demonstration of the success of the movement. Not only do the children frequent the place from the time it is open in the morning until it closes at night, but many adults and parents take advantage of the cool and delightful retreat to spend many hours there in the open.

The benefits that result from the playgrounds are three-fold—health, friendship and good habits. The tuberculosis congress has passed resolution after resolution encouraging playgrounds as the best remedy for this dread disease. The greatest strength a child acquires comes from play, and the best kind of strength, vital energy, development of the heart and lungs is gained only in this spontaneous method of exercise. Children form habits in play more quickly than in any other way. When the play is directed the child learns to be governed by rule and regulation to obey a code of honor, and is thus taught obedience to law. This training is of inestimable value, instilling as it does in the child the ethical conduct of life. Friendships thus formed are valuable, and the associations give the child an insight into the personal rights and privileges of others. The playgrounds movement is most far reaching, and is destined to play an important part in the moral and physical uplift of the country.

ELECTRIC SPARKS

Many men are dead ones before their coffins are purchased.

About the only satisfaction a man can get from an appeal to a higher

developed lively interest.

The band stand which was erected for opening day on the Fourth of July is being fixed up so that it can be used for several purposes, as a place in which to give concerts, as a gathering place for children where they can be told stories or where those in charge can read to them, or as shelter. Trees have been whitewashed until the playgrounds has a beautiful spick and span appearance. It resembles much the large city playgrounds.

One remarkable and most noticeable feature, according to Prof Swick, is the number of adults who visit the playgrounds every day. It sort of intoxicates and stimulates them, he says, to visit there and those who come one day are sure to appear as often as possible.

AMONG THE THEATRES

The Palace—Charleroi.

“The Snare of Society” was the title of a thrilling drama photoplay at the Palace Theatre this week. The story was that of a successful young business man who presents his wife with a beautiful ring. The latter, who is devoted to society, loses heavily at bridge, and gives the ring as security for a loan to a prominent club man. The latter exhibits the ring at the club and the husband hears of it. He demands an explanation from his wife which is refused. The husband armed with a revolver goes to the rooms of the clubman and seizes the ring. There is plenty of thrilling action in the drama, which conveys a moral as to the snares which beset those who become carried away with the wiles of society.

“Waiting” was another strong western drama, which appealed strongly in interest. George Olcott, the new tenor, who made his bow on Monday, retains his popularity, and has made a decided hit with the Palace audiences, and Louis Brusa continues to please in illustrated songs while the Palace orchestra adds decidedly to the attractiveness of this popular resort.

The Star—Charleroi

Comedy was a strong feature at the Star Theatre this week, Manager Tom B Cowan including in his repertoire of photoplays some most delightful hot weather features. Among these were “Bridget, the Flirt,” “Bill Loses His Mother-in-Law,” “Cupid's Monkey Wrench,” and several others equally mirth provoking. The drama was also strongly featured, one the particularly striking presentations being “\$5,000 Reward, Dead or Alive.” Others were “The Charity of the Poor,” “The Minute and the Maid,” and many others. There are three reels of high class films presented every afternoon and evening at the Star, which is a good place to forget about the heat in watching the entrancing exhibitions which are changed daily.

The Hippodrome—Pittsburg.

The program at the Hippodrome in Forbes Field next week will be one that will please the vast army of local amusement seekers who like novelty and the best that can be obtained in novelty. The “Aurora,” is the title of the headliner for the coming week, and while in itself it gives no indication as to what kind of a performance that it is, those who have ever seen the performance never forgot it. In a general way it is considered the greatest bicycle act on the stage either in this country or abroad. In addition there will be many high class acts, including Santley & Co., high class strong men; Hugh F. Blaney, the descriptive singer, James R. Adams the New York Hippodrome clown, and a great number of others. Some of the acts the management desires to hold as a surprise. The advance sale of seats can be had at Lechner & Schoenberger's “Memoirs.”

The Hippodrome—Pittsburg.

The program at the Hippodrome in Forbes Field next week will be one

er's adjoining the Grand; May's, Penn near Highland, and Forbes Field.

The Grand—Pittsburg.

Cause for felicitations among the theatre-going public is found in the announcement that comes from the Grand Opera House that Manager Harry Davis has secured the right to comedy, “Before and After.” His stock company will appear in this splendid medium for one week of two performances a day beginning next Monday afternoon, July 17.

The story of “Before and After” is of that quality which quickens the spectator's interest the instant the curtain rises and holds onto it tenaciously amidst all the storm of fun until the curtain has fallen on the final act. It takes three acts to tell the tale—three acts chock-full of ludicrous situations unusual complications and the brilliant, humorous, satirical and sometimes philosophical dialogue which Deitrichstein writes in a fashion no other man has followed.

Its cast is sufficiently large to employ the entire Davis organization, and stage director, Fred Eric, is preparing a production with characteristic prodigality. All of the three scenes will require a new setting and these will be given an investiture of accessories worthy of a Broadway premier.

The American Born Princess.

My father, Prince Napoleon Lucien Charles, was in exile in the United States, and so it happened that I was born in America on the borders of the Delaware. I came into the world with the last sigh of the old year—that is to say, at midnight on the 31st of December, 1833. I have said that my father was in exile. When he was eleven years old his mother left Naples with her four children—two boys and two girls—and retired to the Chateau de Frohsdorf, taking the title of Comtesse de Lippona-Napoli transposed. There my father lived till he was joined by his uncle, the Emperor Napoleon's eldest brother, King Joseph of Spain, who on the fall of the first empire had retired to the United States and taken a lovely place near Bordentown, N. J., where he lived for eleven years as Count de Survilliers. It was at Bordentown that I entered this sorry world, my father having in 1831 married a Miss Carolina Georgia Fraser of Scotch origin, descending from the old family of Lovat—Princess Caroline Murat's “Memoirs.”

A Shock to Vanity.

“My wife gave me a birthday present that has a tendency to take the conceit out of any man who thinks he's good looking,” said the man who shaves himself. “I confess that I have all along had a sort of sneaking idea that I had a little more than my share of manly beauty; that when it came to a showdown I was there with the goods. But not any more. I'm cured and my wife's present did it. What was it? Why simply one of those shaving glasses that magnify three times. The first time I used it I got a view of my face that rather startled me. Every blemish, every wild hair under the skin, every open pore, all the minute ugliness that isn't apparent to the naked eye—these things confronted me in all their magnified repulsiveness! I used the glass just once and then as steadily wiped it down the air shaft to the basement below. I don't want to look like a monstrosity every time I shave myself.”—New York Times.

Certainly Helpful.

Optimist Ah, it is cherishing our illusions that keeps us young.

Pessimist Yes, but only if we cling to the illusion that we are still young.

It is a maxim that no man was ever enslaved by influence while he was fit to be free.—Johnson

KEEP THE KIDNEYS WELL

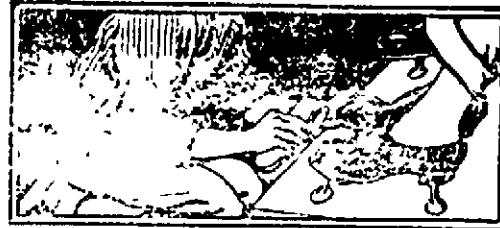

Health is Worth Saving, and
Some Charleroi People Know
How to Save it

Many Charleroi people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has cured thousands of kidney sufferers. Here is a Charleroi citizen's recommendation.

Henry Debay, 526 Washington Avenue, Charleroi, Pa., says: “My kidneys were sluggish and caused my back to become very lame. I did not sleep well and I was annoyed by a distressing kidney weakness. Finally I was led to use Doan's Kidney Pills and it was not long before I improved. Another member of my family has taken this preparation and has been greatly benefited. Doan's Kidney Pills are certainly a good kidney remedy.”

ORDINANCE NO. 228.

An Ordinance, authorizing The Central District and Printing Telegraph Company, its successors and assigns, to construct, maintain and operate its ducts, mains, pipes, cables, wires, manholes, distributing poles and all other necessary underground appliances, on, in, under and through the streets, alleys and highways within the limits of the Borough of Charleroi, in the County of Washington and State of Pennsylvania; and prescribing the manner of placing the same and regulating the use of the streets, alleys and highways by said Company.

The Burgess and Town Council of the Borough of Charleroi, in the County of Washington and State of Pennsylvania, do ordain and enact as follows:

That permission be and is hereby granted to The Central District and Printing Telegraph Company, its successors and assigns, to construct, maintain and operate its conduits, ducts, mains, pipes, cables, wires, manholes, distributing poles and all other necessary underground appliances on, in, under and through the streets, alleys and highways within the limits of the Borough of Charleroi, in the County of Washington and State of Pennsylvania; and to use the property of other companies and to permit such other companies enjoying franchise privileges within the Borough to use its property upon such arrangements as the two companies may agree. Provided:

Section 1. That all distributing poles erected by said Company shall be neat and symmetrical, and the length thereof shall not be less than thirty (30) feet above the surface of the ground, and shall be so located as in no way to interfere with the safety or convenience of persons traveling on or over the said streets, alleys and highways; and in the installation and maintenance of its underground system, said Company shall not open or encumber more of any street, alley or highway than will be necessary to enable it to perform the work with proper economy and efficiency, and further that conduits shall be laid in alleys where practicable.

Section 2. Before any conduits are laid or distributing poles erected on any street, alley or highway the said Company shall submit to Council a map or plan showing the approximate location of said conduits and distributing poles, and if approved by Council the same may be placed or laid. Should the Council fail to approve any map or plan as to the locations of any distributing poles, conduits or manholes, they shall designate some other location suitable for the purposes of said Company, and said Company shall replace and properly relay any sidewalk or street pavement which may have been displaced or damaged by it in the construction and maintenance of its system under the direction and supervision of Council or some authorized representative of Council.

Section 3. That space in the conduits constructed under the provisions of this ordinance shall be reserved, free of charge, for the purpose of carrying wires of any fire alarm or police telegraph system owned and maintained by said Borough, provided the said wires are placed and maintained in such a manner as may be prescribed by the said Company and in no case used to carry high tension currents.

Section 4. In the event of any change or changes in the grade or location, or the vacating of any street or alley by said Council, said Company shall, upon receiving written notice from Council so to do, make corresponding changes in its lines.

Section 5. That the said Company shall maintain all conduits, ducts, mains, pipes, manholes, distributing poles and all other apparatus erected or constructed under the provisions of this ordinance, in good and safe order and condition; and shall at all times fully indemnify, protect and save harmless the said Borough from and against all actions, claims, suits, damages and charges, and against all loss and necessary expenditures arising from the erection, construction and maintenance of its system; or from its neglect or failure to maintain the said apparatus in good and safe order and condition.

Section 6. The said The Central District & Printing Telegraph Company, its successors and assigns, shall be governed by all legal ordinances of a general nature now in force or that may hereafter be enacted.

Section 7. That nothing in this ordinance shall be construed to grant unto the said Company any exclusive right, or to prevent a grant of similar privileges to other companies.

Section 8. That the said Company shall under its seal and by its proper officers, within sixty days from the date of the passage of this ordinance, signify in writing its acceptance of all the terms, conditions, regulations and restrictions in this ordinance contained; in default of which, this ordinance shall become null and void and of no effect.

Section 9. That upon the acceptance of this ordinance, as proposed and enacted into an ordinance, this 5th day of June, A. D. 1911.

John K. Hein,
President of Council.

CHRISTIANS BEAT CATHOLICS IN RED HOT SLAB BATTLE

Score of 3 to 2 is Result
When Affair Concludes

KIEFER VERSYS BUCHAHAN

Rudely chattering their last fond hopes of getting within hailing distance of first place, the Christians defeated the Catholics Friday night by a 3 to 2 score. The affair resolved itself early in the beginning into a pitchers' battle, and Buchanan and Kiefer fought to a finish. Honors were about equally divided between these two premiers.

Both teams scored right off the reel. The Catholics batted first and got one around. After Oates had whiffed the ozone, Urban pulled off a two sackers through third. He stole third base and calmly rested there while Kiefer was busy walking three men, then moseyed over the glad pan. In the next inning Oates got a base on balls and scored when Urban got a base presented him. Oates went third on a passed ball and scored on another passed ball.

Mathers, first up for the Christians in the first hit a hard one to Urban who neglected to stop it. When Wheeler let the same ball get through him he took third, scoring on Jolliffe's sacrifice fly to Wheeler. With one out in the second Heffran singled to right and went second on a fielder's choice. He scored on an error. Furnier with two to the tall and uncut, got a walk in the third round and went the rest of the way on a wild throw through first base.

Champion Egg Layers.

Many insects are extremely prolific. All of the order Hymenoptera, the bees and ants, lay large numbers, but they are easily excelled by the order Plecoptera, the stone flies, one female of which deposits from 5,000 to 8,000 eggs.

But the champion egg layers are the insects embraced in the order Isoptera, the white ants. Dr. Howard states that these insects are called white ants because they are not white, but he further goes on to tell us that the females of some of the African species grow to an enormous size and their abdomen, swollen with eggs, becomes as big as a large potato. The rate at which the eggs are laid is extraordinary, being about sixty a minute, or 80,000 and upward a day.

Not Very Inviting.

Dining car waiters on railroads in India are barefoot natives in long white gowns held in at the waist by a broad band, their heads wrapped up in puggree (a light scarf). The dinner service, says an English paper, is rough and coarse and the price higher than in this country. Most of the food served comes in tins. Between courses dishes are piled on the floor. India is a land of contrasts, and this contrast between the dirty black feet and the dirty white dishes is one of the things to which the traveler gets accustomed, but never reconciled.

ENTERTAINS THE GOLD RULE CLASS

Mrs. J. B. Berryman entertained the Golden Rule class of the Christian Sunday School of which her two daughters Margaret and Esther, are members at her home on Lincoln avenue Friday afternoon. With games and diversions of a various nature, a most enjoyable time was spent by the young folks. A brief business session of the class was held at which the election of officers for the ensuing six months was a feature. Officers elected were: President, Miss Thelma Duvall; vice president, Miss Esther Berryman; secretary, Miss Dorothy Shipe; treasurer, Miss Margaret Berryman.

Mrs. Berryman was assisted in entertaining by her sister, Mrs. Lewis of Donora.

Miners Strike at Bentleyville

Trouble Over Working Hours Said to Have Caused Men to Quit Work

From 600 to 700 miners of the Pittsburgh-Westmoreland company at the Acme mines, at Bentleyville, are on strike, and from reports received from that place it is probable no amicable adjustment can be made for a few days. The differences, it is reported, are but slight, striking, it is said, because the superintendent of the company worked a few of the miners a little over time recently. Serious developments are feared on account of bitter feeling between Slavs and Italians employed at the mine.

DONORA GETS POSTAL BANK

Down River Steel Town Designated for Saving Institution

CALIFORNIA ALSO NAMED

Within a few weeks practically all the towns in the vicinity of Charleroi are expected to have postal savings banks at their postoffice. The latest postoffices to be designated as depositories are the Donora and California postoffices. Monessen and Brownsville depositories have already been opened.

It is not likely that Charleroi will get a postal savings bank at its postoffice until the new postoffice building is erected at the corner of Seventh street and Fallowfield avenue. There seems to be some delay on this from some reason, but it is thought that construction of it will be started within the course of a few months.

ST. JAMES CHURCH TO HOLD CAMPMEETING AT LINN'S GROVE

Officers of St. James' A. M. E. church announced this morning that the annual campmeeting would be held this summer at Linn's Grove, near Belle Vernon, on July 23 and 30, and on August 6 and 13. Announcement is made that there will be no mockery, and customs purported to be the same as those of Bible times will not be followed, but there will be good gospel preaching and good singing. Music will be in charge of Prof. J. J. Jones, the well known basso, of Monongahela, and the choir of St. James' A. M. E. church will assist him. Officers are making every possible arrangement for the convenience and comfort of visitors to the campmeeting. Rev. L. V. Jones, will be the pastor, Howard W. Thomas is secretary and W. F. Smith treasurer. Miss Margaret Berryman.

ENFORCEMENT OF FIRE DRILL LAW IS ORDERED

Factory Inspector Delaney Will Require Monthly Fire Drills in All Factories Where Women are Employed

BUT FEW DANGER SPOTS IN WASHINGTON COUNTY

Chief Factory Inspector Delaney has instructed the deputy inspector to place in operation at once the provisions of the Haggerty bill requiring monthly fire drills in factories where women or girls are employed.

The law provides that the department of factory inspection shall enforce it outside of Philadelphia, Scranton and Pittsburg. The act applies to all factories employing female labor, which are subject to the provisions of the so-called fire escape

act of 1909.

Factories where no female help are employed are not subject to this act. Where both sexes are employed all employees, both male and female must participate in the drills.

Washington county has a small number of female factory employees in proportion to population and few of the factories are considered dangerous in case of fire during working hours. The Macbeth-Evans Company factory is the only Charleroi plant where female help is employed

WAREHOUSE WIPE ITALIAN BAND TO OUT BY FLAMES PLAY AT ELDORA

Damage to Extent of \$3,000 Wrought by Flames at California

Fire of unknown origin at California Friday caused heavy damage at the warehouse of Max Avner, located in the rear of the Sentinel office on Union street.

It is supposed that defective wiring caused the blaze which was discovered early this morning. The volunteer fire force turned out and after a hard fight succeeded in extinguishing the flames. The night watchman who was sleeping in the building awakened to find the fire creeping upon him and escaped by a rear entrance.

In the upper part of the building was stored a considerable quantity of hay while the place was well stocked with general merchandise for Mr. Avner's general store at Daiystown.

The loss is estimated at \$3,000 with \$2,000 insurance.

Local Delegation Of Elks Sojourn On Senator's Yacht

At the Elks convention at Atlantic City the Charleroi and Monessen delegation including M. A. Herald, J. J. Cushing, S. K. Long, Edward Masters, Kerfoot Daly and Harry Hormell met Governor J. K. Tener Tuesday morning with an auto and after the election of officers they were the guests of the chief executive on the yacht of Senator Penrose making a delightful trip out in the ocean. The party was augmented by Past Grand Exalted Ruler, J. C. Fanning, Jerome Fisher, and Robert Brown, the Governor's secretary, Walter Gaither, and the "Treasury Watchdog," Sam Todd of Charleroi.

Two Companies Out for Fortnightly Practice—Ladder Work is Feature

Companies No. 1 and 2 of the Charleroi Fire Department held their fortnight drills Friday night and a satisfactory showing was made. Chief J. M. Fleming was in charge with First Lieutenant C. O. Fine and Second Lieutenant Clifford Marchand of his assistants. The drills consisted of ladder and hose practice. Water was thrown from the Greenberg building. Mr. Fleming said this morning:

"We expect to continue these drills every two weeks on Friday nights. While we expect to make some mistakes, we will continue work and try to overcome these breaks to as great an extent as possible, so that when a real fire occurs we won't be at a loss to know what to do."

WELL KNOWN WOMAN DIES

Mrs. Sarah Gertrude Anderson Expires After Long Illness

WAS HIGHLY ESTEEMED

Mrs. Sarah Gertrude Anderson, aged 23 years and 11 months, daughter of Mr. and Mrs. Samuel Simcox, Sr., died at 8 o'clock Friday night at her home, 127 Fallowfield avenue, after an illness extending eight months. The funeral will be held Monday afternoon at 2 o'clock at the residence. Rev. L. W. Shey, rector of St. Mary's Episcopal church, will conduct the obsequies. Interment will be in Monongahela cemetery.

The husband, James Anderson, who is in the west, both parents, one daughter Dorothy, two sisters, Mrs. Robert Turnbull, of Charleroi, and Mrs. William N. Davis, of Pittsburg, and one brother, Samuel Simcox, Jr., of Charleroi, survive.

Mrs. Anderson was a member of St. Mary's Episcopal church, and was a consistent and faithful worker in the interests of this denomination. She was a most estimable young woman, widely known, and universally esteemed. She exhibited rare fortitude and patience during her long illness, and faced the inevitable with sublime Christian faith. Everything that was possible was done for her, and the many friends of her girlhood, as well as her co-workers in St. Mary's church, bestowed upon her all the attentions and delicacies that could make her last days comfortable. Her death was received with sincere and genuine sorrow by her wide circle of friends.

IGNORES THE FACTS.

Once again the Washington Observer takes occasion to defend the policy of constructing county roads under the Flinn law in preference to the Sprout law. By ignoring the facts in the case the Observer asserts that not enough State aid is available to carry out the provisions of the Sprout law. For that reason, according to the Observer, the only way for the county to get good roads is to assume the entire expense.

In making this assertion the Observer only states a part of the truth. On authority of the State Highway Department itself, the county and the townships, or the county alone could have spent exactly the same amount of money under the Sprout law as has been expended under the Flinn law. The State and the county evolved to start the counties and townships on the way to improve their roads, and there was nothing in the Sprout law to prevent the county and townships from spending all the

money they saw fit after the modicum of aid offered by the State was exhausted. The construction of these roads would have been under the jurisdiction of the State Department engineers and would have come in regularly for State aid in repairs instead of putting the entire burden on the county.

Having fathered the plan of procedure under the Flinn law for political purposes it is but natural that the Observer should defend its position. That paper has persistently ignored the fact that road building under the Sprout law was not dependent upon the State appropriation allotted to each of the counties which was only intended as a stimulus to start road building by the counties, and townships of the Commonwealth under a system that could be developed and amplified in the course of time. This has been demonstrated by the enactment of Governor Tener's comprehensive plan of road building by the State, which is designed to make a uniform system of highways throughout the Commonwealth.

WORKING OUT.

The large attendance at the public playgrounds instituted at "The Pines" is ample demonstration of the success of the movement. Not only do the children frequent the place from the time it is open in the morning until it closes at night, but many adults and parents take advantage of the cool and delightful retreat to spend many hours there in the open. The benefits that result from the playgrounds are three-fold—health, friendship and good habits. The tuberculosis congress has passed resolution after resolution encouraging playgrounds as the best remedy for this dread disease. The greatest strength a child acquires comes from play, and the best kind of strength, vital energy, development of the heart and lungs is gained only in this spontaneous method of exercise. Children form habits in play more quickly than in any other way. When the play is directed the child learns to be governed by rule and regulation, to obey a code of honor, and is thus taught obedience to law. This training is of inestimable value, instilling as it does in the child the ethical conduct of life. Friendships thus formed are valuable, and the associations give the child an insight into the personal rights and privileges of others. The playgrounds movement is most far reaching, and is destined to play an important part in the moral and physical uplift of the country.

ELECTRIC SPARKS

Many men are dead ones before their coffins are purchased.

About the only satisfaction a man can get from an appeal to a higher

court unless the lower body is radically wrong is the knowledge of duty well done.

They're bound to congest matters somehow. Here is a man who has invented a boat that will fly and in the same machine inserted an automobile concern so the thing can get over land.

If they are going to have aeroplanes for scouts to use in war why can't they just as well have a few more trees provided for war correspondents?

People who are thinking of committing suicide will save their honored survivors a lot of trouble and worry if they leave notes telling why they shuffled off the mortal coil; also where their will is.

Here's a Greene county sample: "Why should men wear coats when all humanity pants?"

Sometimes it makes a person wonder if the railroads don't advertise lines supposed to be built just to get the newspapers to give them free advertising.

Greene county has gotten rid of nearly enough coal within the past year, it seems to have it all sold off.

Weather Chief Moore has explained it all. Now we know how it all happened that we got that terrific heat last week. Just so we are sure he was not to blame.

The man who gets full of booze on Saturday night or any other night.

The man who shoots off a gun he didn't know was loaded.

The man who is very anxious to get on the other side of the crossing before the train comes.

The man who rocks the boat.

The man who shows off by going deeper into the surf than any other bather.

The man who tries to get on a train while it is running.

Georgia seems to be rather fond of Hoke Smith, Governor and Senator-elect. Other States have their favorites too, so Georgia has nothing on them.

If some of the famous composers could have had the faintest suggestion merely of the way the present day generation treat their best compositions, they would have died in despair.

If the fellows who are going to instill into the minds of people to-day a love for the better music would start off with tunes instead of those affairs which sound like rambling discords to the untrained ear, they would have much better success.

PICKED UP IN PASSING

"Do you notice the difference between the State Highway plan of road building and the system undertaken by the county?" asked a prominent Fallowfield avenue farmer the other day. "Governor Tener hit the nail exactly on the head when he designed the State roads to 'go somewhere.' Previous to this last bond issue of half a million dollars the county has spent nearly \$700,000 for roads without a thorough highway leading anywhere. I have a clipping from a Washington paper showing the Flinn roads built by the county since 1905. This shows that 38.7 miles have been completed, but they are in twenty sections in as many different parts of the county. The longest section is 3.7 miles, and the shortest section is .6 of a mile."

"If the county commissioners had built a through route from the river to the county seat, and connected all the river towns with a route up and down the river, as well as one or two farming sections, we would have had

developed lively interest.

The band stand which was erected for opening day on the Fourth of July is being fixed up so that it can be used for several purposes, as a gathering place for children where they can be told stories or where those in charge can read to them, or as a shelter. Trees have been whitewashed until the playgrounds has a beautiful spick and span appearance. It resembles much the large city playgrounds.

One remarkable and most noticeable feature, according to Prof Swick, is the number of adults who visit the playgrounds every day. It sort of intoxicates and stimulates them, he says, to visit there and those who come one day are sure to appear as often as possible.

FREE TO YOU—MY SISTER

Free to You and Every Sister Suffering from Woman's Ailments.

I am a woman.
I know women's sufferings.
I have found the cure.
I will mail, free of any charge, my home treatment with full instructions to any sufferer from woman's ailments. I will tell all women about this cure—every woman, whether your daughter, your mother, or your sister. I will tell you how to cure yourselves at home with the help of a doctor. Men do not understand women's sufferings. What we women know for experience, we know better than any doctor. I know that my home treatment is safe and sure for Leucorrhœa. Whilst discharges, Ulceration, Discharge, Falling of the womb, Disease, Scaly or Foul Pains, Ulcers, & Bruises, Tumors, & Growths, Head, back and joints, bearing down feelings, nervousness, cramps feeling up the spine, melancholy, desire to cry, heat waves, weariness, kidney and bladder troubles where caused by weakness peculiar to our sex.

I want to send you a complete ten day's treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that, it will cost you nothing to give me your name and address, tell me how you suffer. Every woman should have it, and learn so that herself. Then who the doctor says—You must have an operation, you can decide for yourself. Thousands of women have cured themselves with my own remedy. It cures all old young. To Mothers of Daughters, I will explain a simple home treatment which speedily and effectively cures Leucorrhœa, Green Stickiness, and Painful or Irregular Menstruation in young Ladies. Plumpness and health always results from its use.

Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this home treatment really cures all women's diseases and makes women well, strong, plump and robust. Just send me your address and the free ten day's treatment to yours, also the book. Write to day, as you may not see this offer again. Address

AMONG THE THEATRES

The Palace—Charleroi.

"The Snare of Society" was the title of a thrilling drama photoplay at the Palace Theatre this week. The story was that of a successful young business man who presents his wife with a beautiful ring. The latter, who is devoted to society, loses heavily at bridge, and gives the ring as security for a loan to a prominent club man. The latter exhibits the ring at the club and the husband hears of it. He demands an explanation from his wife which is refused. The husband armed with a revolver goes to the rooms of the clubman and seizes the ring. There is plenty of thrilling action in the drama, which conveys a moral as to the snares which beset those who become carried away with the wiles of society.

"Waiting" was another strong western drama which appealed strongly in interest George Olcott, the new

tenor, who made his bow on Monday,

retains his popularity, and has made a decided hit with the Palace audiences, and Louis Brusa continues

to please in illustrated songs while the Palace orchestra adds decidedly to the attractiveness of this popular resort

The Star—Charleroi

Comedy was a strong feature at the Star Theatre this week. Manager Tom B Cowan including in his repertoire of photoplays some most delightful hot weather features. Among these were "Bridget, the Flirt," "Bill Loses His Mother-in-Law," "Cupid's Monkey Wench," and several others equally much provoking. The drama was also strongly featured, one of the particularly striking presentations being "55,000 Reward, Dead or Alive." Others were "The Charity of the Poor," "The Minute and the Maid," and many others. There are three series of high class films presented every afternoon and evening at the Star, which is a good place to forget about the heat in watching the entrancing exhibitions which are changing daily.

The Hippodrome—Pittsburgh.

The program at the Hippodrome in Forbes Field next week will be one that will please the vast army of local amusement seekers who like novelty and the best that can be obtained in novelty. The "Aurora" is the title of the headliner for the coming week, and while in itself it gives no indication as to what kind of a performance that it is, those who have ever seen the performance never forgot it. In a general way it is considered the greatest bicycle act on the stage either in this country or abroad. In addition there will be many high class acts, including Sankey & Co., high class strong men, Hugh F Blaney, the descriptive singer, James R Adams the New York Hippodrome clown, and a great number of others. Some of the acts the management desires to hold as a surprise. The advance sale of seats can be had at Lechner & Schoenberger's

The Grand—Pittsburg.

Cause for felicitations among the theatre-going public is found in the announcement that comes from the Grand Opera House that Manager Harry Davis has secured the right to comedy, "Before and After." His stock company will appear in this splendid medium for one week of two performances a day beginning next Monday afternoon, July 17.

The story of "Before and After" is of that quality which quickens the spectator's interest the instant the curtain rises and holds onto it tenaciously amidst all the storm of fun until the curtain has fallen on the final act. It takes three acts to tell the tale—three acts chock-full of ludicrous situations unusual complications and the brilliant, humorous, satirical and sometimes philosophical dialogue which Deitrichstein writes in a fashion no other man has followed

ed. Its cast is sufficiently large to employ the entire Davis organization, and stage director, Fred Eric, is preparing a production with characteristic prodigality. All of the three scenes will require a new setting and these will be given an investiture of accessories worthy of a Broadway premiere

The American Born Princess

My father, Prince Napoleon Lucien Charles, was in exile in the United States, and so it happened that I was born in America on the borders of the Delaware. I came into the world with the last sigh of the old year—that is to say, at midnight on the 31st of December, 1853. I have said that my father was in exile. When he was eleven years old his mother left Naples with her four children—two boys and two girls—and returned to the Chateau de Frohsdorf, taking the title of Comtesse de Lipson—Napoli transposed. There my father lived till he was joined by his uncle, the Emperor Napoleon's eldest brother King Joseph of Spain who on the fall of the first empire had retired to the United States and taken a lovely place near Bordentown, N. J. where he lived for eleven years as Count de Surville. It was at Bordentown that I entered this sorry world my father having in 1851 married a Miss Carolina Georgina Fraser of Scotch origin, descending from the old family of Lovat—Princess Caroline Murat's "Memoirs."

A Shock to Vanity.

"My wife gave me a birthday present that has a tendency to take the conceit out of any man who thinks he's good looking," said the man who shares himself. "I confess that I have all along had a sort of sneaking idea that I had a little more than my share of manly beauty, that when it came to a showdown I was there with the goods. But not any more. I'm cured and my wife is present did it. What was it? Who simply one of those slavering gossips that magnify these times. The first time I used it I got a view of my face that rather startled me. I went to my room every night under the covers, every once pore all night until the morning below. I don't want to be a monstrosity every time I look myself"—New York Times.

KEEP THE KIDNEYS WELL

Health is Worth Saving, and

Some Charleroi People Know

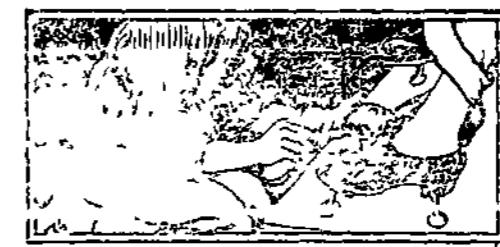

How to Save it

Many Charleroi people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has cured thousands of kidney sufferers. Here is a Charleroi citizen's recommendation.

Henry Debay, 526 Washington Avenue, Charleroi, Pa., says: "My kidneys were sluggish and caused my back to become very lame. I did not sleep well and I was annoyed by a distressing kidney weakness. Finally I was led to use Doan's Kidney Pills and it was not long before I improved. Another member of my family has taken this preparation and has been greatly benefited. Doan's Kidney Pills are certainly a good kidney remedy."

ORDINANCE NO. 228.

An Ordinance, authorizing The Central District and Printing Telegraph Company, its successors and assigns, to construct, maintain and operate its ducts, mains, pipes, cables, wires, manholes, distributing poles and all other necessary underground appliances, on, in, under and through the streets, alleys and highways within the limits of the Borough of Charleroi, in the County of Washington and State of Pennsylvania, and prescribing the manner of placing the same and regulating the use of the streets, alleys and highways by said Company.

The Burgess and Town Council of the Borough of Charleroi, in the County of Washington and State of Pennsylvania, do ordain and enact as follows:

That permission be and is hereby granted to The Central District and Printing Telegraph Company, its successors and assigns, to construct, maintain and operate its ducts, mains, pipes, cables, wires, manholes, distributing poles and all other necessary underground appliances, on, in, under and through the streets, alleys and highways within the limits of the Borough of Charleroi, in the County of Washington and State of Pennsylvania; and to use the property of other companies and to permit such other companies enjoying franchise privileges within the Borough to use its property upon such arrangements as the two companies may agree. Provided:

Section 1 That all distributing poles erected by said Company shall be neat and symmetrical, and the length thereof shall not be less than thirty (30) feet above the surface of the ground, and shall be so located as in no way to interfere with the safety or convenience of persons traveling on or over the said streets, alleys and highways; and in the installation and maintenance of its underground system, said Company shall not open or encumber more of any street, alley or highway than will be necessary to enable it to perform the work with proper economy and efficiency, and further that conduits shall be laid in alleys where practicable.

Sec. 2 Before any conduits are laid or distributing poles erected on any street, alley or highway the said Company shall submit to Council a map or plan showing the approximate location of said conduits and distributing poles, and if approved by Council the same may be placed or laid. Should the Council fail to approve any map or plan as to the locations of any distributing poles, conduits or manholes, they shall designate some other location suitable for the purposes of said Company, and said Company shall replace and properly relay any sidewalk or street pavement which may have been displaced or damaged by it in the construction and maintenance of its system under the direction and supervision of Council or some authorized representative of Council.

Sec. 3. That space in the conduits constructed under the provisions of this ordinance shall be reserved, free of charge, for the purpose of carrying wires of any fire alarm or police telegraph system owned and maintained by said Borough, provided the said wires are placed and maintained in such a manner as may be prescribed by the said Company and in no case used to carry high tension currents.

Sec. 4. In the event of any change or changes in the grade or location, or the vacating of any street or alley by said Council, said Company shall, upon receiving written notice from Council so to do, make corresponding changes in its lines.

Sec. 5. That the said Company shall maintain all conduits, ducts, mains, pipes, manholes, distributing poles and all other apparatus erected or constructed under the provisions of this ordinance, in good and safe order and condition; and shall at all times fully indemnify, protect and save harmless the said Borough from and against all actions, claims, suits, damages and charges, and against all loss and necessary expenditures arising from the erection, construction and maintenance of its system; or from its neglect or failure to maintain the said apparatus in good and safe order and condition.

Sec. 6. The said The Central District & Printing Telegraph Company, its successors and assigns, shall be governed by all legal ordinances of a general nature now in force or that may hereafter be enacted.

Sec. 7. That nothing in this ordinance shall be construed to grant unto the said Company any exclusive right, or to prevent a grant of similar privileges to other companies.

Sec. 8. That the said Company shall under its seal and by its proper officers, within sixty days from the date of the passage of this ordinance, signify in writing its acceptance of all the terms, conditions, regulations and restrictions in this ordinance contained; in default of which, this ordinance shall become null and void and of no effect.

vided for in the preceding section, all ordinances, or parts of ordinances, conflicting with the provisions hereof, be and the same are hereby repealed, in so far as they affect the said Company.

Sec. 10. That all legal advertising or printing fees incurred by the Borough of Charleroi, in the County of Washington and State of Pennsylvania, in connection with the passage of this ordinance, shall be paid by the said Company.

Sec. 9. That upon the acceptance of this ordinance, as proposed and enacted into an ordinance, this 5th day of June, A. D. 1911.

BASEBALL BINGLES

Kiefer pitching for the Christians was inclined to be a trifle atmospheric at times but all the same he managed to strike out 12 batsmen which in seven innings was going some

Manager Jack Rickey was required to get into a suit and disport himself in right field for the Catholice. He didn't have a chance there. At bat he struck out twice and hit a fly. The first time he struck out Kearnes drop

the ball into the grass and got a sensational run to first base. Then he was satisfied and let Fagula run the rest of the way for him.

Frank Buchanan said he hadn't pitched for three weeks then went in the box and twirled a game that ordinarily would win

The Christians had a new right gardener in their line-up, Jim Provance, brother of "Gallagher" Provance the First Presbyterian pitcher.

The outfielders weren't rushed with work. Especially did the Christian fielders have an easy job.

"Bub" Newton caught prettily a foul fly which he had to run after to beat the band. Foul flies are dangerous things to hit when "Bub's" around.

Pieper was on first base for the Catholics. It would be rather a hard matter to determine who is the regular man on that job for them.

Next Friday the Lutherans and the Episcopalians play. What?

Monday, July 24, the Lutherans and Catholics play. What? again

Champion Egg Layers.

All of the order Hymenoptera, the bees and ants, lay large numbers, but they are easily exceeded by the order Plecoptera, the stone flies, one female of which deposits from 5,000 to 6,000 eggs.

But the champion egg layers are the insects embraced in the order Isoptera, the white ants. Dr. Howard states that these insects are called white ants because they are not ants and because they are not white, but he further goes on to tell us that the females of some of the African species grow to an enormous size, and their abdomen, swollen with eggs, becomes as big as a large potato.

The rate at which the eggs are laid is extraordinary, being about sixty a minute, or 80,000 and upward a day.

Not Very Inviting.

Dining car waiters on railroads in India are barefooted natives in long white gowns held in at the waist by a broad band, their heads wrapped up in puggree (light scarf). The dinner service, says an English paper is rough and coarse and the price higher than in this country. Most of the food served comes in tins. Between courses dishes are piled on the foot. India is a land of contrasts, and this contrast between the dirty black feet and the dirty white dishes is one of the things to which the traveler gets accustomed, but never reconciled.
